Subject: RE: Floating Idea of visit to NJ DEP Week of Dec 3rd to Discuss PFAS Study Findings

Hi Erica,

Regarding our EPA trip to DEP on Dec 3rd, I just noticed our travel people have us flying to Newark, then driving to your office. I was wondering whether Philadelphia airport might be a better choice for getting to your office. What do you think?

Thanks,
John

Tim,
Yes, DEP would welcome having EPA-NERL visit to discuss findings and next steps, possibly visiting the Solvay area as well. The week of Dec. 3rd looks good for DEP.
We look forward to collaborating with EPA on this important study. Let me know if/when you need more information.

We had a very positive experience having done this in NH. We are wondering if you are interested and could accommodate. I think we can find some year-end travel \$ to squeeze this in.
